**Date : 17/4/2015**

**Venue : SMR hall, St. Britto's Academy**

**Resource Person: Dr.Kasthuri Arun**

**"Girl student's Awareness Programme"**

Females reach their adult heights by age 18 years, and, except for some males who continue to grow in their early 20s, but most of them reach their adult heights by the age of 21. Another area of concern for people in this age group is eating disorders, which include anorexia nervosa, bulimia nervosa, and binge-eating disorder. Young adults are able to assimilate and synthesize complex and contradictory situations and arguments, and unlike adolescents, aren't set on finding absolute truths. They are focused on developing their careers and achieving independence from their families - a crucial requirement for balanced, well functioning adults.

## **STAFF ORIENTATION FOR SBI FACULTY**

**Date : 17-4-2015**  
**Resource Person : Fr. Joe Arun.**

The latest research on education suggests that teaching must be learning - oriented (*PROBING & LIBERAL LEARNING*) rather than just teaching the lessons from the course book.

## FATHER'S DAY CELEBRATION

**Date : 15-6-2015 (Class IX & X11)**  
**19-6-2015 (Class I & II)**  
**20-6-2015 (Class III-V)**

**Venue : St. Britto's Academy - SMR hall**

**Time : 9.30 a.m**

The concept of celebrating Father's Day is very new in India. The idea of celebrating Fathers Day has been imported from western countries mainly US, perhaps less than a decade ago. Today, millions of people in India observe Father's Day on the **third Sunday of June** by expressing gratitude for their father or men who are like father.

The idea behind such programmes is to inspire children to pay due respect to their dad and take care of them. Fathers are also encouraged to spend quality time with their children and instill in them noble

values and manners. “ Dad my Hero” video clippings had touched each child’s heart. It was about dad who spares his life, hides his feelings, ignores his happiness and accepts the struggle. The students enacted a skit “*Father’s Unconditional Love*” which exhibited father’s true love.

### **"A Heart full of Cheers for Fathers by the Students"**

The programme emphasized the Role of Unconditional love and affection of Father’s towards their Children. Similarly it also stressed on the Role of children to understand that their fathers are the biggest source of strength for a child.

#### **Poem Presentation**

For all the love and care,  
for all the moments shared,  
for all the joys you brought,  
for all the things you taught,  
You have always made me glad.  
Happy Father's Day, to the best dad.

## BOOK RELEASE

## INDO – TAIWAN CULTURE EXCHANGE PROGRAM

## INSERVICE TRAINING FOR THE FACULTY

### CHEMISTRY WORKSHOP

Resource Person : Mrs. VanishreeShankari R, HOD, Chemistry, ChettinadVidyashram

Date : 22-08-2015 Time: 9.30 AM to 3.30 PM

Venue : ChettinadVidyashram School

### **TOPIC: COMMON ERRORS AND MISINTERPRETATIONS IN CHEMISTRY**

The aim of the workshop is to rectify certain common errors and misinterpretation of concepts in class 12 chemistry. The workshop was attended by several PGT Chemistry teachers from different schools across Chennai.

In the first session Mrs *VanishreeShankari* briefed the teachers about the new scheme of marking system (i.e. *weight age*) for the different branches of Chemistry. She focused on Physical and Inorganic chemistry, and discussed on the common errors committed by students as well as teachers while learning a concept

In the second session, she explained how to teach organic reaction mechanism in a simple way to the students.

### **POGIL- Process Oriented Guided Inquiry Learning**

Mrs *VanishreeShankari* shared her workshop experience in POGIL. POGIL is a classroom and laboratory technique that seeks to simultaneously teach content and key process skills such as the ability to think analytically and work effectively as part of a collaborative work. It develops higher level thinking skills and ability to learn and apply knowledge in new contexts.

Overall the workshop was more informative and it improved my knowledge on the conceptual skills in the subject. I wholeheartedly thank the management for providing me an opportunity to interact with experienced teachers and look forward for many workshops in the future.

### WORK SHOP ON EARLY CHILDHOOD DEVELOPMENT

Resource Person : Mrs. Lalitha and Mrs. Geetha

Date : 22-08-2015 Time: 9.30 AM to 1.30 PM

Venue : D.A.V. Public School, Velachery, Chennai – 600042

The Session started with prayer and introduction among the teachers present over there. Mrs. **Lalitha** and Mrs. **Geetha** of the host school headed the workshop. It was very informative and useful one.

They told that children's creativity and artistic expressions of every child is to be encouraged, as all children do not develop creativity at the same rate and therefore no one should put pressure on them to perform..

It was emphasized that children in group activities and interaction among each other acquire knowledge. Therefore they should be allowed to be active by giving thinking skills and problem solving abilities. The curriculum should be an integrated way and develop the children needs with equal emphasis on social, emotional, physical and cognitive development.

## STAFF EXCURSION TO ERNAKULAM

The staff excursion to Ernakulam was from 26.04.16-29.04.16. It was indeed a joyous and memorable experience, as all the staff of St. Britto's Group of institutions joined the excursion. This tour proved to be rejuvenating experience for the staff, away from the mechanical daily routine. This was an ideal time to mingle, interact and understand each other.

The administrators and the senior teachers of SBI who have grown along with the institution were felicitated by our beloved correspondent ma'am and it was the most unique feature of the excursion. It was a very happy and cherishable moment when the teachers were appreciated and encouraged by her to contribute their might to take the institution to greater heights, by giving responsible citizens to the country's growth.
